# QUALITY, HEALTH, SAFETY AND ENVIRONMENT(QHSE) MANAGEMENT

We believe that all occupational injuries, illness, losses and damage to equipment or the environment are preventable, and that HSE is the responsibility of all personnel.

## OUR COMMITMENT.

- Carry out all our operations in full compliance with all applicable Quality, Health, Safety, Environment and relevant Legal and Industrial Standards including those set out by our customers.
- Provide adequate resources to maintain its QHSE obligations.
- Demonstrate positive QHSE leadership, accountability and commitment from all Directors, Managers, Supervisors and Employees
- Provide all its employees, visitors and contractors with information, equipment, and training necessary for them to carry out their work safely to prevent work related injury and ill health.
- Assess continuously all risk associated with our operation to maintain a safe, Healthy, and pleasant working environment.
- Protect the Environment by making sure our operations, operational sites and equipment are properly maintained and executed to prevent Environmental Pollution.
- Assess the environmental impact of our operations, and seek to segregate and reduce or eliminate waste, and prevent environmental pollution.
- Seek continual improvement throughout our business operations to lessen our impact on the local and global environment by conserving energy, water, and other natural resources.

Our goal:

- Zero fatality.
- Zero Lost Time Injury (LTI).
- Zero ill health.
- High Quality Service to our customers, satisfying their requirements.

Ensure all our operations are in accordance with ISO 9001:2015 Quality Management System, ISO 45001:2018 Health and Safety Management System and ISO 14001:2015 Environmental Management System

# ISO CERTIFICATION

These certifications cover all our operation and functions including Shipping, Haulage, Clearing and Forwarding covering all our branches and offices and operational locations.
